PRESIDENT'S PAGE
"SPRINGTIME"

This issue of the "Trails" is my last issue as your President. I have enjoyed serving you in this capacity, and in putting out the magazine for these past two years. My term expires in May, and our nominating committee will immediately begin searching for nominees for the various vacancies. I am sure that they will recommend a good slate for your election at our May meeting. Make a special effort, if you live close enough to Enterprise....to come to our meetings. It encourages the leaders to work harder for the betterment of the Society. Let us all get behind our new officers, whoever they might be, and give them our whole-hearted support.

We sincerely appreciate the support of our advertisers. It makes the publishing of our magazine much less expensive for us, and enables us to do other things with our funds. There are many programs that I was not able to bring about during my tenure as your President. One of these was the establishment of a respectable medical exhibit, utilizing the materials that we have on hand that have been given to us. We badly need some space for future expansion. We have endeavored to secure some footage of the strip immediately behind our Depot for this future expansion, but at the time of this printing....we have NOT been able to acquire this strip. We have had several minor objections...coming from some selfish quarters...which we hope to overcome in the near future.

One of our major accomplishments has been the completion of the George W. Carver Project which had been in "limbo" for a number of years. We were fortunate in securing a bust of Dr. Carver, which is now displayed in our Museum along with other pertinent materials about Dr. Carver's accomplishments.

We also had a second edition of Fred Watson's history of Coffee County.... "COFFEE GROUNDS" printed, the sales of which has gone rather good. We have a quantity of these books....still on hand. If every member would buy one more copy.... we could recover most of our publishing costs. The books we have....are paid for! Think of someone in your family, or a friend, that would like a copy of this book...as a gift....for a birthday, Christmas, or anniversary!

Purposely I have not spent a lot of money during my term of office, since I see the need for some substantial expenditures in the near future...for the building of displays in the Museum, shelves in the Gift Shop, and other things.

We have been promised the donation of a mold, with which we can fabricate some replicas of the Boll Weevil Monument for souvenir sales. I have made an inquiry to a company as to the availability and prices of some caps and T-shirts imprinted with the Boll Weevil Monument on them.

Perhaps the most useful improvement for all of us, has been the purchase of a good copier, on which we can prepare many of our hand-outs, booklets, as well as the extraction of certain things for our members and visitors.

We have had some excellent programs and our Society is now meeting every month except for December. Attendance at most of our meetings has been about normal but we would welcome others...who have not been with us.

We did manage to give you a "bonus" issue of the Trails at Christmastime. We hope that you enjoyed it, and that perhaps we can..in time...publish more than two issues per year. Thank you....for your individual support!

Please take note of the expiration date of your membership and help us by renewing your membership in a timely manner. It saves us money in contacting those who are delinquent. We appreciate and want.....ALL OF YOU!

Most sincerely,

Clayton G. Metcalf

THE DOWLING FAMILY

There have been many families among the pioneer settlers of this area. One of these was the Dowling family. Their roots are entwined with a great many other families throughout the Wiregrass.

Our earlier local historians first found the Robert Dowling family in Virginia. Although some said that he was an Irish immigrant, most of those closely associated with the family are confident that the Dowling family were of Scottish extraction.

Research into the family of Robert Dowling indicates that he had two wives, the first of whom (name unknown) bore one known son....William Dowling, in Virginia. After the death of his first wife, Robert Dowling next married Sarah Guinn, some of whose family distinguished themselves in the Revolutionary War.

At about this time they moved down into the Darlington District of SC, settling on Jeffer's Creek. It was here that he accumulated considerable property, reared his family, and died. William must have attained manhood by this time, for he remained in Virginia and after his marriage he, too, moved southward into Barnwell District, SC., where he lived at the outbreak of the Revolutionary War.

William Dowling's sentiments were with the American colonists, so it was to be expected that he incurred the wrath of the Tories. Some of them waylaid him and murdered him in his own home. William Dowling had three sons: Jabez, Micajah, and Elijah. Little is known of their lives, but it was supposed that they migrated out to the midwest, or west. The Dowling name was well scattered throughout Ohio, Missouri, and Kentucky.

IF I HAD A BOY

If I had a boy, I would say to him,
"Son, be fair and square in the race you must run;
Be grave if you lose and be meek if you win.
Be better and nobler than I've ever been.
Be honest and fearless in all that you do,
And honor the name I have given to you."

If I had a boy, I would want him to know
That we reap in this life...just as we sow;
And we get what we earn, be it little or great,
Regardless of luck and regardless of fate.
I'd teach him and show him the best that I could,
That it pays to be honest and upright and good.

I would make him a pal and a partner of mine,
And show him the things in this world that are fine.
I'd show him the things that are wicked and bad,
For I figure this knowledge should come from his Dad,
I would walk with him, talk with him, too,
And all of my promises strive to be true.

We would grow up together and I'd be a boy
And share in his troubles and share in his joy;
We would work out problems together and then,
We would lay out our plans when we both would be men;
And Oh! what a wonderful joy it would be,
No pleasure in life could be greater to me.

But still more important, I'd lead him to know
The Saviour whose blood washes whiter than snow.
I'd tell him the story of Christ on the tree
Who suffered for sinners that they might go free.
I'd never stop praying in sorrow or joy
Until...he found Jesus...if I had a boy!
